

Hintel, portula, verna, noitid, oi. Alas, I climb the old town, open it. This is open and keep it from down your steps. That's the misconception that you've got and I told you about that too. Make sure you have a portula, verna, noitid, oi. We'll see you two at this portula, September. Half my day we see it in the boat for a week. And so much of the trust and obey, that is the only way you can be happy and have a chance. And I gave off the whole of the last weekend's we both out. But I won't hear this one. You can drink it, go with the drink song. But going to be in the lot of ritual as I made this month, September. We try pretty hard. For the ghost concussion, we use the blood of Jesus. We use the unwanted oil. We use the blessed sauce. If most of us are all of us in the Holy Jesus, you can never remain the same after this motocelter. And you know the devil has three words called the battle to do in the life of so many men. And today there are no you chose. I pray that you don't love the enemy or the world use of your blessing the mighty name of Jesus. Amen. Please follow the order. Keep it from the low seat. It's an instruction. Let's be comfortable. That would be that brought. I was told every Sunday and I can be ordered. Open your oil. Keep it from the low seat. And not say, please keep it where you will not keep it. But for make sure your quality is the contact of the shape. For those that are not sure to see the world is not for one. Mine is to stay where I am told. Mine is to do what? Say if I'm not told, I will not say no. I have never said it before. As I was prepared for the motocelter, my teacher was me. He said my daughter. So many of my children in this commission lived to the river. So many of them are suffering they don't know me. And I was asked in call and asked if I'd have worked with you. Like the assistant don't say if you don't go with me, I will not go. I know. I will work quietly. Let's enter there. As you can be altered and the other one will be fine. We said the angel of comfort and the moon. And he took a call at the minute in the morning. And before I talk to him, two of these motocelter make sure you have made yourself every morning before you leave your house. I want your belt before you leave your hat with his body or put it in your dials. He said before you leave your house two of these motocelter make sure you do what and make yourself and decree what you want. It works. Tell him call this is what I want. You tell him the other way. But I'm going to tell him you know why you're going to be going to life. You'll be done pray before you go out. No power can stand there when you see it. He's a woman that brings you up. And I tell you I do it. They need to light and have seen in my life. He should be things and do it and they'll walk and they need to check the morning. Every morning before you go out take me seven or ten hours and make your heart and speak to your life. Come on your day. Tell him call for how and what you want your day to be. And make yourself in two to ten percent twenty-one spread about three times what you find out what you saw. What you feel when you're not and what you're doing. Tell yourself as when you decide out of the Holy Ghosts as I go out to day we don't go at each point in your mouth. As I go out today I carry this thing all of God out of my penning we show the past of the new ones just decree what you want this day. The mother of God said I have a whole new to my days so we like these the summons. That is what we've outed every year. I say to him and for soon because I have the Lord clearly. Every Sunday don't forget this is why you bring it to church. And I plan this called opening your body in what they know for the world. This morning what you look at this collection for people but this connection from what people are this connection from people but what is an evil and evil is the place of worship for people's spirit. Anything people is negative spirit. People of time just when we have this author of the book that is found out on the blood of Jesus and their own people. The people want have their own where they offer their sacrifices to do evil so is the place of worship for people's spirit

I think you have a point that ends you up for three or three days. When a person that is possessed, is your best friend. Come ahead and ask me, because this spirit will not take over you. This spirit will end on you. Don't be worried that you will reach on a real bed on the five. The rest is on a real bed. When a person walks together, when one part night, and you are in the relationship with that person, on the one side, you have to be able to distort you. Someone that was you, because you got connected with them, you are not afraid of them. So you got the rela

When there's someone somebody that is in the office, they carry on their own business. They ask them to take it to their people office. I just want to take off. It's a place of washing. I think that is also a place that is where I wash their business. But it is that time that carry on made to their office. That's what I need to do. Carry on their business. So, at the start of the end, you may not do anything. Your name is someone that is in the office. Please be alert. I know you are in the office of the president. Oh, yeah. What are the facts of connection to people office? People office will be needed to make clear what they pass in. Do what? Make clear what they pass in on their family. They are, you have their problems. You cannot get people. I already said that you might be able you still less than for security and life. You still less life. Nothing comes out. You are obviously, you have nothing to show for this. You can be free to enter this. You can, when you be in a place 20 years, you come by half-court of life. You cannot buy to come walk out. Yes, they are walking hard everyday. You are feeling lonely, but you cannot tell what you do with it. You expect, because I am feeling lonely, or letting you off, nothing good can come out of that life. Nothing good, nothing to show for it. Your life is full of hope and down. They hired you to account it's 50,000. You can walk out of hope and down. What is that for you? You are doing well before you do it. You have to pay to your dad and not help him. He is not to give better better results. Then he gives better results. He is trying to remember you for the age. I should be good. And all the time, after this whole period, he is all about reaching with you. He is always better. And because he is not bad, when he gives you good results, he can join the club debacle and when you are quite unwell, when you are in the stadium. I have that age. I would say he gives better results. He is better than people of the first few years. He wants to go for the last few years. He wants to go with the same amount of energy. They will have quality transfer to all other people. They will never give it to them. It's a lot of time to see the sacrifice that they have to offer them. These only parts in different parts are not there. They will prevent that. When they will not remember what they did, they will not be able to do it. But because they will offer it, they can be right for them. They can only be the foot of the foot. Please every body to come here and listen. Don't learn your dancing and dancing down. And make sure you are not sleeping. Don't come to show your sleep. Rest of your head. What is another difference of being connected to your body? Providence and kindness. No achievement. Some yet to be pop out in an emptiness. And my came yesterday morning. I wanted to tell me what my problem is. Look at me. I am healthy. I am strong. I am 55 years old. But I don't have a room for my head. I'm squatting with a friend. I want these moves. I do the parameters on this. I don't see work. I feel the form of the body. I will talk to my■■■. I take responsibility for whatever things that you do. I beg your help, Mr. towel. I pray for you tove a touch on me. I pray that the body that you usually would take on is the body. The body is mine. Say, please. But when someone hits me? Because I didn't know what I could do. I don't say it very very often. He's only got that I help you. Why can't you pray to a cause who changes your situation? You really want help me there. He will not. The heart can make this comment. Okay, that means the best time for what we make sure. He's watching music. I must say it again. Because I want you to humanize that in your mind. They do this together. The heart needs a lot of time. I'm not totally being annoyed. This is what you like to be. You said you didn't come back with that. I'm not going to show for you. Yes. Because there are people all that are learning to learn. That is why I will give. I want you to call your name and tell t

hem the Lord. I will give them the Jesus. Great point. Thank you. My name is Jesus. My name is Jesus. When you are watching music, just is God's reward. Mother tongue. hendid y I hope before you, I hope before you, before you see now, I say, Swimming to my life, I'm on my life, I'm on my scene, I'm on my scene, I said to you, I said to you, I said to you. My daughter, I'm a daughter, I said to you, Jesus, my dream day. What if the word out again is to believe God with your faith and believe God's presence? Don't look down on God's presence. Don't use big big men and big women on God to judge any person because God can use any person to bless me. So, inside that place you're thinking your blessing will come from a lot of people. But we need to walk and believe our people. We'll call the need for chapters and we'll do a four-new rule. And we need God's presence and instruction. May we tell you the fact that we are Jesus. May we the mother of Jesus, the enemy of the mother. He told you this fact that whatever he tells you to do, do it. Do this. All our way out is to pray for our lengthiness. Don't be a brother's Christian. Don't be a netic Christian. If one prays for his grace, you can pray. How can you be the divine? You come to judge your sleeping. How can you receive how can you be the divine? You don't job down. You don't notice how do you grow? Let go of prayer and believe. But who said the following takes it by force? This would not be able to take what he loves to you. God will promise you a very good destiny. Very not to fight for that destiny. You have to fight for what he loves to you because the Bible said that every second is devil. He is moving to have fruit, seeking who to divine. Don't say that the common people do still and do this story. So because God promised you beautiful destiny, those money that that destiny would just come easily. You have to fight for it. How can it be way out? And I'm going out with the ghost of prophetic helping out. When you have tried what you cannot be human being, you have to be a ghost of prophetic helping out. Go to a prophet or a prophet. Because God has given them a measure of grace. They are ghost, ghost men, ghost, ghost humanity. He has got gold. They still want to come on scene. Three passes can't stay the same water. What you may not have is any shape. It is even more difficult and the quality of the prevents. Yes. Don't say that I will have a measure of what will happen. One person's high choice. But that's what makes him go. There's a major of Christian and the prophet's head on his prophets. When you have, when you have quality of the prophets, the prophet's head, there's a measure of great God that gives you. It's not because of the righteous. It's just because of the ghost. And it's just because of the bad or the evil. So, what's more, prophetic and the bad things? When you have one volume count. And you have the volume count. And you have the volume count. And you have the volume count. And you may be lost to your quality of the prophets. What is the way out? Our blind polyphose concoction. What is the only lost concoction? A lot of hisels. And they are going to be taking into being. You have one to point. I want you to embrace the yoga. This is one to point and not just one time. We pray on them every time they do the prayer. You need to stop. Come and not go. So, tell them okay, is there? What do they have to know? Do your faith and cannot do your faith and cannot do it? A lot of people can be their mother and mother. They can bring to you. This is the way out. Don't let your people know that they are going to tell you. Make sure you bring to church every time. Then if you bring to my worship or bring to keep me from telling you, do I go right and don't do? What is your contact? I am breaking the laws. From this church. But the truth of the master is God's. It is the reason I have to be told on so many of them. Because of 40 foundations. Because of people of God. Speaking, not because of their own making. Their feelings. Where they are coming from. They are coming from. Because of the foundation of power. So, basically, I will tell you. You will be something to somebody. And you will know t

hat the person who knows who is God will be in costume. And you begin to walk. Or you will not begin to be nine. You will be six. What is the force? What is the force of your life?

Because of your life. Because of the reason. You did something wrong to you. I pray for you to go from the family's amnesia. And you will be happy. You will not be happy. You will be happy. You will not be happy. You will not be happy. And you will be happy. And you will be happy.
